

Our MJDS uniforms help cultivate a sense of belonging and team spirit amongst students!

Uniforms are important in all classes at MJDS as it helps to create a sense of belonging and studio pride. It also ensures the safety of our dancers as it allows our teachers to see the students body and alignments and are able to correct students for safe technique and dance practise, even for our MINI students.

We have varied styles of uniforms available to purchase suitable for all students. If you already have a dance uniform, please check with your class teacher if it is acceptable or not.
